

## Affordable Church Capital Campaigns for Catholic Renovation and Restoration Projects

on August 27, 2023

Rohn & Associates Design excels in helping you secure the funds needed to market your church project and bring your vision to life. Whether it's for a custom apse mural or a large-scale restoration, clear communication is key to successful fundraising. The Rohn team has developed proven tools and methodologies to enhance this process, providing easy-to-follow instructions and maximizing capital generation with compelling presentations and engaging materials.

We educate benefactors, parishioners, and friends of the church by creating impactful church capital campaign support that outlines the needs, designs, theology, specifications, timeline, and project costs resulting from meetings with pastors and parish building and finance committees. This crucial step allows us to translate your input and vision, along with our professional recommendations, into a viable plan. These marketing programs build enthusiasm and gain the support of your parishioners.

We offer both traditional and innovative fundraising solutions, including:

### 3D Church Renderings for Capital Campaigns

A single picture is worth a thousand words, and 3D renderings are worth a million. Professionally designed virtual images that showcase your liturgical vision can help generate the necessary funds to complete the project.

### Church Donor Memorial Books & Recognition

A time-tested fundraising method for churches is the remembrance of living or deceased friends or relatives. We have a proven record of helping raise capital through memorial naming opportunities. Our team will work closely with you to identify ideal commemorative items, develop influential fundraising materials, and provide the guidance needed to secure funds quickly.

### Church Capital Campaign Posters & Signage

There is no better way to promote your project goals than with captivating images. Our artists create graphics and signs that convey your vision more effectively than any verbal or textual description. Whether used in meetings or placed strategically on your campus, our fundraising posters help advance your initiative.

### Church Capital Campaign Brochures

A persuasive brochure can make a significant difference in conveying the entire scope of a project. In addition to being informative, a brochure is a critical tool in both fundraising and education. We can create effective handouts that deliver a clear and concise message to your target audience.

Contact Rohn Design to learn more about our recognized fundraising programs that yield immediate financial results.
